## AMERICAN HORSES ARE NOT WANTED

South America Jockey Club Puts Up Bars on Foreign Thoroughbreds.

## NEWS OF THE TURF WORLD

Chicago Owner Has Promising Yearlings—Native Belle Changes Hands.

BERT E. COLLYER.  
Chicago, Nov. 26.—The Argentine Republic, until recently looked upon as a most lucrative market for American thoroughbreds and stock driven out of this country by discriminatory legislation, has, through the efforts of the jockey clubs, put up the bars. Matt Byrnes, who went to the Argentine Republic with several shipments of brood mares and other thoroughbreds from the Haggin establishment, and is at present there superintending the dispersal of a remnant, sends the following excerpt from the Buenos Ayres Daily Standard of October 9, and which is self-explanatory:

"At a meeting of the racing committee held at the Jockey club on Thursday, it was resolved to create a new law treating on the participation of imported horses on the Palermo and other race courses under the jurisdiction of the Jockey club.

"The law reads as follows:  
"No. 1.—In all hippodromes under the patronage of the Jockey club at present subjected to the old regulations, it is understood that in future all the ordinary races will be open only to Spanish born and bred in Argentine.

"No. 2.—Imported horses will only be able to compete in classics and special races provided for them by the Jockey club.

"No. 3.—The new law will take effect from the first of September, proximo, and will only apply to horses imported into the Argentine and inscribed in the stud book after that date."

The Standard also goes on to say that the law will not affect the shipment of Haggin's thoroughbreds now at Buenos Ayres, and which represent the progeny of Watercrest, Goldfinch, Star Ruby, Greenan, Minnie, Royal Flush III and Salvador, these having been imported into Argentine several months ago.

As will be easily seen, the action of the colanistic body will effectively and probably permanently destroy what promised to be a most lucrative market. It is said that the English trade will suffer almost double the damage of the American.

F. J. Kelly, the Chicago merchant-horseman, has three very promising yearlings of his own breeding at the Kentucky association track in charge of Dore Pierce, who formerly trained the jumpers for William Geyst and George Holle. Mr. Kelly took a run over to Lexington during the week to see the youngsters tried out, and expressed himself as well pleased with what they showed him. Probably the best looking of the lot is a filly by Peep-o'-Day-Nellie Bly (dam of Frieze), by Ben-Holld. She worked a quarter of a mile in 23 2-5 seconds; and a bay filly by Knight of the Thistle-Frazzella, by Aintree, and a chestnut filly by Serph-Artful, by the Commoner, worked 23 3-5. These youngsters are all eligible to the Breeders' Futurity to be decided at the Lexington meeting next spring. Mr. Kelly announces that they will all winter there and be given a careful preparation for their early engagements.

## HIGH SCHOOLS FORM STATE BASKETBALL LEAGUE

Representatives of the state high schools met at the Y. M. C. A. yesterday afternoon and plans for the state basketball were discussed. The league will be backed by the university, and the eligibility rules will also be made by that institution. The league will consist of four divisions, namely, northern, central, southern and western. The teams in each division will play for the championship of their division, and at the end of the series the winners of each division will meet in a state tournament, which will be held in the university gymnasium.

Coach Benion stated that the eligibility rules would be somewhat like the rules that govern the track meet for the high schools, but that they would be better enforced. Each high school will be required to send a certified list of eligible players to the university one week before each game. Following is the list of high schools, in their different divisions:

Northern division—Weber academy, Ogden H. S., Brigham and the mutes. Salt Lake division—Salt Lake H. S., L. D. S., Jordan, Granite and the U.

George C. Moore of Detroit, owner of Dromore farm, St. Clair, Mich., purchased the world's champion two and three-year-old trotting filly, Native Belle, 2:06 1-2, from Edward Thompson of Northport, Long Island. Dromore farm now boasts the distinction of owning the two-year-old colt and filly champions, as Justice Brooks, 2:09 1-2, the colt which trotted such a sensational mile in winning the two-year-old division of the Kentucky Futurity at Lexington a few weeks ago, was bred and is owned at the farm on the shores of Lake St. Clair. The price paid for the famous filly has not been made public, but it is a certainty that it was well up toward five figures.

The racing days of the filly are over, for it is the intention of Mr. Moore to retire her to the breeding ranks, and the coming season she will be bred to Justice Brooks, perhaps the first time in the history of harness horse breeding that the colt and filly champions of that age have been mated. Native Belle trotted in two races as a two-year-old, and both of these were easy for her. In the Horse Review Futurity at Columbus she won as she pleased, and equalled the best race mile for her age, 2:12 1-4, of Trampette. The following week, in the two-year-old division of the Kentucky Futurity, she trotted the second heat in 2:07 3-4, three seconds faster than the best two-year-old record, the 2:10 3-4 of Arion made against time. In this filly Native Belle trotted the middle mile in 1:02.

Native Belle first started the past season at Empire City, where she was unsteady and beaten by the champion, Colorado E. Her next start was in the Horse Review Futurity at Columbus, which she won after a five-heat battle with Emily Ellen and Grace, the Belle trotting the first and third heats in 2:07 3-4. She was not in form in the Kentucky Futurity, won by Grace, and was drawn before the conclusion of the race. The following week, in the Champion Stallion stakes, she was second to Grace. This ended her racing for the season, but the same week Murphy started her against the world's record of 2:07 for three-year-old fillies, held by The Leasing Lady, and the little daughter of Moko trotting in 2:06 1-2.

Slated for Hammer.  
Klatavak, 2:05 1-2, the champion three-year-old pacer, is headed for the auctions, and will pass under the hammer on December 12, the opening day of the speed sales to be held that week at the United stock yards. Klatavak took his record in a race at Louisville twelve years ago, and his mile has never been beaten. He is a pacer of his age, although the California colt, J. Loga, succeeded in equaling it in 1909.

George H. Eastabrook, millionaire horseman of Denver, who races among others the champion three-year-old Colorado E, 2:04 3-4, advances in a most able manner the advantages of the "high altitude" in the training and development of the trotters. One of the most outstanding features of the clever elucidation is that he guarantees to take a sprinter into the mountains, and after careful seasoning (if, of course, the horse is sound physically), make him stick.

"Give me a horse that can go three-quarters in fast time," the east writes Mr. Eastabrook, "and I venture to say that if he is in sound condition that a year's training in Colorado will make him a faster miler. Beyond any question, Colorado air is the best that a horse can breathe in training."

## LEAN SENDS CHALLENGE TO COAST CHAMPION

H. R. Lean, the well-known three-circuit player who has made his home in Salt Lake for the past five months, has sent challenge to Joe Carney, the crack coast player, and hopes to land a match in San Francisco. Carney recently defeated Ely for the coast title, losing a victory over Carney in a fifty-point match, which he won fifty to twenty-six. The prospects for landing a match on the coast are good, says Lean.

## At Jacksonville

Jacksonville, Fla., Nov. 26.—At Moncrief park today the speed handicap, 1 1/2 miles, was won by the public choice, Jack Parker, who beat out Besom in a hard drive by a neck, with Lady Irma taking the small end of the purse a length back. The time was 1:12 1-5.

The disappointment of the day was Haggin's 1 1/2 mile favorite, the public race, T. M. Green beating him home by a narrow margin. Three favorites finished in front.

## FAST TIME MADE AT COAST MOTORDROME

Los Angeles, Cal., Nov. 26.—A thrilling finish marked the races at the Los Angeles motordrome today. In the five-mile free-for-all, the three cars entered finished less than one-fifth of a second apart. The Buick won in 4:31 4-5, 1-100 of a second ahead of the Cutting, and the time of the Duro car, which finished third, was 4:32.

A new record was made in the competition for distance in one hour. Four out of six entries finished. The Knox is within a second of the track record, a mile better than the record set by Harroon last year at the motordrome in the Marmon. The Franklin was second with sixty-eight miles, the Cutting third, sixty-one miles, the Parry fourth, fifty-eight miles.

## At Juarez

Ciudad Juarez, Nov. 26.—George M. O'Brien, Police Levy, running easy, won the Hidalgo selling stakes at five furlongs at Terrazas Park today. Results:

## HIGH SCHOOL LOSES BUT THREE PLAYERS

The football boys at the high school will wear their suits but once more this season, and that will be next week, when they will have their pictures taken. The boys have not had a very successful season this year, but they are far from being discouraged, and they will go into the game next year with a renewed effort to win back the championship from Ogden. A post-schedule this year has been a big handicap.

The players to leave school this year are Yates, Godbe and Fitzpatrick, and with these men the only ones missing, their places ought to be well filled by the substitutes of this year's team. Wheeling and Bardwell and Gallacher will be eligible next year, and with these men back on the team there should be no reason why the high school should not have a winning team.

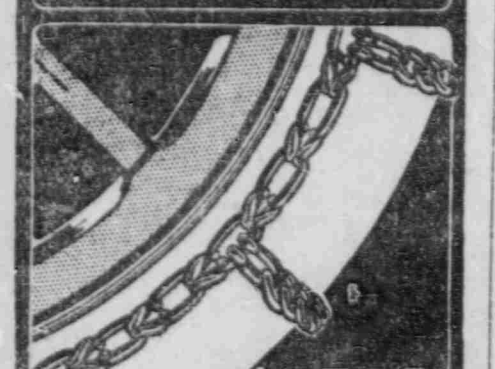

The boys will be given a banquet next Friday night, and the captain and manager for next year's team will be elected.

McIntyre for captain and Wallace for manager is the ticket. McIntyre ought to make a good captain from the showing that he has made this year. The coaches are thinking of making him a fullback next year, and with Olsen and Ward at his side the high school will have one of the strongest backfields they have ever had.

Fitzpatrick and Yates enter the university at the midyear, and both have a bright football future. Fitzpatrick has been one of the best quarterbacks produced at the high school, and he is sure to win his numeral at the U.

"Something to wear"—the aspiration, and sometimes the despair, of every self-respecting man and woman—is an easier problem for ad readers than for others.
